The email is a follow up to our phone conversation today. Thank you so much for taking the time; I really appreciate the guidance and assistance.

We discussed how to submit my resume for publication review, as well as some general guidance.

The best method for me is to submit all requests via fax. The fax number is (b)(3):10 USC 424

You would like me to call before submitting the fax. My plan will be to submit a one page resume for review and once it has been approved, I will follow up with a few pages of talking points relating to the approved resume. You estimated (but provided no guarantees) that the 1 page resume will take approximately 10 business days for review.

In terms of guidance, I can talk about my functions and job responsibilities, but I should not discuss specific cases. In addition, I should avoid talking about internal structure or anything linking me to specific units.

Finally, all of the above is guidance, not handwritten rules. I am using unclassified books approved by the CIA Publication Review Board for reference, but your office has final say on what is approved.

Please let me know if I got any of this wrong. I would really like to do this the right way. Thank you again for all your help.
